Famous Belle Meade is to be used for golf.
At a meeting of the directors of the Nashville Golf and Country Club it was voted to abandon the present grounds, the greater part of which is leased, and to locate at lielle Meade and build an expensive clubhouse on 264 acres donated by the landowners in that section.

There has been a deluge of wet weather in Great Britain, particularly in England, and about London mackintoshes have been the golfing aids of all players, while the drying rooms at the clubs have been stacked full of dripping garments. In contrast the metropolitan district here has never enjoyed more delightful November weather. On November 17 on the Coombe Hill course, near London, the new green of Sandy Herd, the veteran, had a match with Tom Williamson in which weather was an uncontrollable factor.

YOST UNDECIDED Whether to Accept Five Year Contract

to Coach Michigan.

ANN ARBOR, Mich., Dec. 3.-With the exception of rumors about next year's foot-ball schedule and expectancy with regard to Fielding H. Yost's attitude toward the contract offered him by the university to coach for another five years everything in the athletic line is quiet. Coach Yost dropped into Ann Arbor for a couple of hours Wednesday to have his picture taken with the team and preside at the election of captain. He admitted having received an offer of a contract, but said that he would like thirty days in which to consider it. He claims that his business, which reaches its climax during the football season, suffers each year more and more because he is away coaching, so that he hardly thinks he will return. But many persons say that Yost will never go away from Michigan without a clean season's record for his last. Two years ago, when his contract expired, he remained to get another whack at the Notre Dame eleven, which was the only team not to be defeated by Michigan that year. Last year was highly successful, but his contract has still another
